

## Poster Presentation Guidelines for the 2011 Eastern Analytical Symposium

The following Guidelines have been prepared based upon the experiences of prior EAS meetings. Please pay close attention to the details below to ensure a successful presentation of your work, and a more enjoyable experience for you and your audience.

EAS will provide you with a four foot high by eight foot wide (4x8) poster board to utilize for your presentation, push pins, and a number to identify your poster. It is your responsibility to bring all other necessary items for your poster with you. **Please check in with the Poster Session Coordinator in the Poster Area prior to putting up your poster.**
